The 200 WM is a heavy-duty wall mounted sliding door hardware set for interior residential or commercial applications. The 200 WM is ideally suited for use when traditional pocket doors cannot be cost effectively or structurally installed. The 200WM features a thick walled precision extruded aluminum I-beam track and heavy-duty extruded aluminum mounting brackets that can be positioned along the track to anchor into wall studs. Four-wheeled ball bearing hangers assure smooth operation and removable hanger plates allow for easy door installation and removal. Two different door guides are supplied with the hardware set for maximum installation flexibility. 14 - 16 gauge zinc dichromate plated steel parts. Track lengths are available up to 192" (4877 mm).

Multiple-Door Sliding Sets

Typical 3 track layouts for 1-3/8" or 1-3/4" doors.

Shown below are typical 3 track layouts for 1-3/8" or 1-3/4" doors. Other door thicknesses may be used in some situations. Also, more than 3 tracks may be used by extending header and using other track combinations as required. Refer to individual catalog pages for weight carrying capacity and hanger types available. No broken carton charges or cutting fees on MD sets.

2054 PLBG
MULTI PULL CATCH

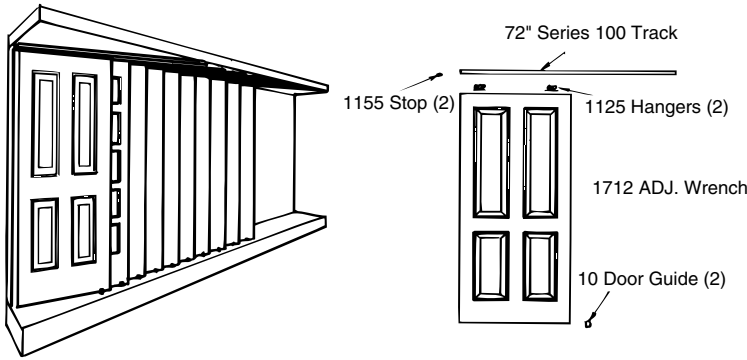

2054 PLBG Multi Pull Catch

All nosing and hardware filler supplied by others. Surface mount shown may be recessed into floor. Spacing and dimensions will vary with other door thicknesses.

Tracks can be cut down for smaller openings.

DOOR PANEL DISPLAY

USING JOHNSON 100 SERIES TRACK AND HARDWARE

Packed 25 per carton
PER ONE DOOR SET

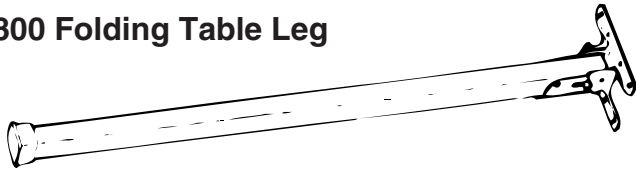

NO MORE WRESTLING WITH LOOSE PANELS OR DOORS!

Display your doors with easy-to-construct sliding "show walls". These displays take up less floor space than the old methods of stacking or leaning doors.

The **Door Panel Display** uses the same track and hanger system as in the Johnson 1500 Pocket Door Frame and can handle 3'0" doors up to **200 lbs.**
